Dear Traveller / Cobblers Supporter

As you may or not be aware the Football Supporters Federation no longer provides us with away match cancellation or accident insurance while travelling to away matches.

Therefore we ask that on the grounds of health and safety we have up-to-date information with contact numbers and e-mail addresses of all who travel with us.

This is so that we can do our best to minimize wasted journeys and have a contact in case of emergencies.

Please complete the requested information overleaf and return it to a coach steward or post to the address provided.

Please be assured that this information will NOT be shared with any 3rd party
